YOU'LL SAVE MONEY—

you may even make money with a TELEPHONE at home

It will save trips out in bad weather . . . enable you to shop around for prices . . . help you to get a job or part time work . . . and take advantage of bargains at sales!

And that's not all. There are so many other ways that a telephone at home will save for you. So many steps—and worry, too.

Not counting the friends and invitations to sociable evenings that it brings you. Or its ceaseless protection day and night in case of fire, illness or burglars.

If yours is like many families the chances are that what you now pay for calls from public telephones would keep a phone of your own in the house. Why not—for your own satisfaction—call at our Business Office and find out exactly what a telephone at home will cost you? Then decide for yourself.

HELP is Always at Hand

★ ★ when You Have a Telephone at Home

If you were to keep a list of all the things a telephone does for you during the week, you would be amazed at the help it gives you.

Help in everyday affairs... your telephone brings the electrician, the plumber when something goes wrong ... takes you to friends... does a hundred and one things for you.

Help in emergencies... when you need the doctor, police, or firemen in a hurry... when even seconds are precious.

Help when you're worried about Mother or some good friend at a distance. Telephone them and set your mind at ease.

Help when it rains... your telephone will do your shopping for you and save you many a wet trip... many a ruined dress.

To have this satisfaction of "help always at hand" costs so little...a few cents a day...that's all. Any of our Business Offices will show you how easily you can have it in your home.

Why delay Th
to Bill and

WHEN IT COSTS
SO LITTLE
TO TELEPHONE

MOST PEOPLE have out-of-town relatives and friends they'd like to see regularly, but don't. A convenient, pleasant and inexpensive substitute is a telephone "Visit" with those "old friends"—the folks back home—or that boy or girl away at school.

The cost is surprisingly low—just look at the list of typical rates. Reduced rates to most points are in effect every evening after 7 o'clock and *all day* Sunday.

You'll find the speed and clearness of the connection just as pleasing as the low cost of your call.

Why not make that "Visit" tonight?
